aksayaitvec@gmail.com

SUMMARY

Dynamic assistant professor with expertise in network security, passionate about engaging in multifaceted research and advancing practical solutions through ongoing learning.

EXPERIENCE

ASSISTANT PROFESSOR, 06/2024 - Current
Velammal Engineering College, Chennai

- Delivered instruction in Data Structures, Network Essentials, Cyber Forensics and Laws, Quantum Computing, Python Programming, and C Programming, fostering student engagement and understanding.
- Guided student projects and laboratory sessions.
- Facilitated placement activities and enhanced student career development through targeted support.
- Supported research initiatives by collaborating with faculty on data collection and analysis. and paper submissions.
- Managed activities of PAC appraisal committee by scheduling meetings and facilitating discussions. committee activities.
- Developed accreditation documentation for NAAC, ISO, and NIRF, contributing to institutional ranking improvements.

INTERN, 12/2021 - 07/2022
Augusta Hitech Soft Solutions Pvt. Ltd, Coimbatore

- Contributed to .NET development projects during internship.
- Assisted in delivering IoT client project by completing assigned development tasks.
- Expanded knowledge across multiple technologies while adapting to the IT environment.
- Prepared technical notes for Augusta Hitech Soft Solutions' development workflows.
- Maintained accurate records of internship activities of internship activities and completed work.
- Built positive working relationships with staff and management.

EDUCATION

Velammal Engineering College, *Surapet, Chennai, 05/2024*
M.E: **Computer Science Engineering**

- Completed with Distinction
- Participated in a workshop on Data Science and Applications.
- Completed a Capstone Project in Machine Learning.

***Velammal Engineering College**, Surapet, Chennai, 05/2022*
Btech: **Information Technology**

- Completed with First class
- Participated in various Hackathons and Symposiums.
- Completed a Capstone Project in Machine Learning- LSTM.

***Velammal Vidhyashram**, Surapet, Chennai, 05/2018*
Higher School: **Bio-Math**

***Velammal Vidhyashram**, Surapet, Chennai, 05/2016*
High School

LANGUAGES

English: C2 — Proficient (C2)

Tamil: Native — Native

SKILLS

- Curriculum development
- Teaching excellence
- Lecturing
- Grant writing
- Presentation skills
- Time management
- Organizational multitasking
- Team collaboration
- Organizational skills
- Leadership and public speaking
- Teaching

PRESONAL PROJECTS

- Face Detection, Key Features, A project to detect faces using OpenCV .
- Smart Home Using IOT, Key Features, A Iot project using arduino for smart home development
- Attendance Management, Key Features, A project that maintains and manipulates attendance of each student.
- Stock Market Prediction using Machine Learning, Key Features, Machine Learning Project using LSTM Algorithm
- Neural Network Based Attack Path Prediction Using Machine Learning in Cyber Security System, Key Features, Project in domain Wireless sensor network using Machine Learning Algorithm LRCN

CERTIFICATIONS

- NPTEL - Cloud Computing (ELITE)
- NPTEL - Privacy and Security in Online Social Media

JOURNALS

- Aksaya Dharani K, “Neural Network Based Attack Path Prediction Using Machine Learning in Cyber Security System”, International Journal of Intelligent Systems and Applications in Engineering, Vol. 12, No. 21s, pp. 2611–2617, March 2024.
- V. Prasanna Srinivasan, Aksaya Dharani K, Pramila K, Preethi Wilson G, Naveen G, and N. Ramshankar, “RustGuard: A Compile-Time Verification Framework for Memory Safety in Distributed Rust Applications”, June 2026; ISBN: 979-8-3315-7236-5

PATENT

- Filed a utility patent application titled "Blockchain-Integrated IoT Framework for Secure and Scalable Wireless Communication Networks" (Application No.: 202641095019).

BOOK WRITTEN

- “Computer Science & Emerging Digital Technologies: Fundamentals, Programming, Networks, Artificial Intelligence, Cybersecurity, Cloud Computing, Data Science, IoT, Blockchain, and Emerging Technologies” published by Zenodo, ISBN: 979-8-18760156-1.

FDP'S ATTENDED

- Completed "Data Science Using Python workshop" conducted by the Department of Computer Science and Engineering at NITTTR, Chandigarh, from 25–29 November 2024.
- Completed "Cloud Computing" through the NPTEL–AICTE Faculty Development Programme (FDP).
- Participated in "Quantum Intelligence: AI–Quantum Convergence in Cyber Defense and Space Technologies" at Panimalar Engineering College, from 1–6 December 2025.

INDUSTRIAL TRAINING

- An Industrial Training Programme on "Understanding and Working with the AWS Platform", conducted by J7 Technology Solutions Pvt. Ltd., Tenkasi.

MOUS SIGNED

- Hrida AI private Limited (18 Feb 2026)
- Digialert Solutions Private Limited (30 Sep 2026)
- Azefox Innnovations (27 Feb 2025)
- Hpyerlynx Infotech Private Limited(28 Mar 2025)
- TechGreech Cyberlabs Private Limited (20 Feb 2025)

FDP ORGANIZES

- A six-day online Faculty Development Programme (FDP) on “Artificial Intelligence in Cybersecurity: From Foundations to Future Frontiers”, held from 18–23 May 2026.

WORKSHOPS ORGANIZED

- "FlagHunt: Beginner to Pro CTF Bootcamp ", A Cybersecurity technical workshop by Mr. Vinod Senthil, Managing Director and CEO, DigiAlert, held on 6 March 2026.
- "Entrepreneurial Innovation through Smart IoT System Development Using Raspberry Pi" – Technical session by Mrs. Elakkia A. G., Founder and Senior Project Consultant, M/s ENSLOT, along with interns Sujithra S., Samitha R., and Gowtham R., held on 19 September 2025.

SEMINAR ORGANIZED

- A technical session for second-year students on “A Game World: Introduction to C# with Unity” by Ms. Manishma S., Software Engineer, Light & Wonder on 17 Aug 2024.
- A technical session on “Burp Suite – A Cybersecurity Tool” by Mr. Karthikeyan K., Product Security, Logitech on 18 Feb 2025.

- A technical session on “Thick Client Penetration Testing: Exploiting the Unseen Vulnerabilities” by Mr. Jaswant R., Product Security, Logitech on 27 Feb 2025.
- A technical session on “Mastering OSINT” by Mr. Sriram Kesavan, Founder and Director of Security, TG CyberLabs – Secufra Labs on 20 Feb 2025.
- A technical session on “Cybersecurity Essentials” by Mr. Pradhan Vijayakumar, Managing Director, Zero2Infynite om 22 June 2025.

EXTRA EVENT ORGANIZED

- Noctivus – National-level CSE (Cyber Security) symposium held on 2 August 2025 at Velammal Engineering College.
- Aazhi CTF – Inter-college-level Capture the Flag (CTF) cybersecurity competition held on 19 September 2026.
- Akira CTF – Intra-college-level Capture the Flag (CTF) cybersecurity competition held on 3 February 2026.

ACTIVITIES AND HONORS

- YRC Member (2018-2022)

INTERESTS

Sports, Dance, Creative works, Designing, Research and Journal.
